

## The Saint Andrew Settlement

*"Making a difference in Majesty Gardens"*

### Background

The St. Andrew Settlement (SAS) was founded in 1965 by the Anglican Diocese in Jamaica as an outreach project of the St. Andrew Parish Church. The main objective of SAS is to aid the development of the Majesty Gardens community through spiritual and social activities, education, skills training, health care, youth development and environment awareness so that they can build a healthy and productive community.

Majesty Gardens is located off the Spanish Town Road, west of the Portia Simpson Miller Square, and houses over 4,000 residents, 1,500 of who are children. The SAS also serves the adjoining communities of Hunts Bay and Payne Avenue. The SAS houses a Community Centre, along with a Mission House, Medical Centre, a Dental Clinic, Infant School and Learning Center.

**Majesty Gardens Learning Centre:** The Learning Center which is a feeder school for the Infant School provides an important foundation for lifelong learning by engaging the children from an early age in a structured early education programme approved by the Early Childhood Commission. The students who attend the Learning Center are between the ages of 2 ½ and 3 ½ years and as at 2016 the Center can accommodate 40 children. Funding these students is challenging for a number of parents and so annually we seek sponsorship from individuals and/or companies to adopt a child.

## SPONSOR A CHILD FORM

To assist a child to start developing lifelong learning skills during his/her formative years we seek your kind support. I/we would like to make a contribution for ..... child/children.

### Individual

Name:.....

Address:.....

Telephone:.....

Cell#:.....

Email:.....

### Company

Name of Company:.....

Name of Contact:.....
